

Space Week Celebration – 04 10 2022 – 10 10 2022

Brief Report Space Week Celebration 04 10 2022 – 10 10 2022

Gujarat Council of Science City
Department of Science and Technology, Government of Gujarat
Connecting Community with science!

World Space Week is celebrated every year from October 4-10 to celebrate the contribution of space and technology to the welfare of mankind. Gujarat Science City celebrated this year's theme 'Space and Sustainability' for a week. The celebrations included various educational programs, sessions, and activities, like Paper Model Making, a Space Quiz, a Screening of a Scientific film, a Guided tour of the Hall of Space/Science, Sky Observation, etc.

Space Week Celebration – 04 10 2022 – 10 10 2022

On 7th October Science City organized a special talk with Shri Dipak Maru, Former Scientists/Engineer ISRO-SAC Ahmedabad. Dr. Maru explained the “Effect of Space Activities on Earth’s Atmosphere. Around 100 students and space enthusiasts participated in the celebrations.

Students and common visitors participated enthusiastically in this session. Students also enjoyed making paper models of Mangalyaan and PSLV and other activities.
