World Science Day Celebration – 10th November 2022

World Science Day is celebrated every year on 10th November to highlight the significant role of science in society and the need to engage the wider public in debates on emerging scientific issues. It also underlines the importance and relevance of science in our daily lives. The theme of World Science Day on 10 November 2022 was Basic Sciences for Sustainable Development. It was celebrated within the International Year of Basic Sciences for Sustainable Development.

Gujarat Science City celebrated World Science Day for peace and development to encourage young minds to understand the role of Science and technology in sustainable living.

World Science Day Celebration – 10th November 2022

The inaugural ceremony of World Science Day for Peace and Development with the theme Basic Sciences for Sustainable Development at Gujarat Science City.

Students enjoyed the interactive session by Prof. (Dr.) Amit Pandya Head of Dept. Biochemistry, Shri C U Shah Science College, Ahmedabad, organized as a part of the World Science Day Celebration at Gujarat Science City, where they learned about how basic science is useful in sustainable development.
